TWIN PINE ENTERPRISE

is a wholly Ghanaian honey processing company established in 2019 to process honey into various health-conscious essentials to support the combination of herbs and spices infused into honey

Role: Creative direction, design **Deliverables:** Brand Identity, Marketing Collateral, Packaging Design,.....

Cinnamon and Honey is an all-natural organic product made by infusing Organic Cinnamon and honey. Cinnamon is an ancient spice used globally, and the combination of the two makes it very powerful for weight loss and any other problem. Consuming cinnamon honey early in the morning on an empty stomach before breakfast regularly will reduce your weight and prevent fat accumulation in the body.

Garlic and honey have the properties of both honey and garlic multiplied and provided the best health benefits. Both garlic and honey are potent antibiotics which preserve the immune system. Here is the more reason why Garlic Honey is consumed early in the morning. Optimizes the stomach to metabolize the food, manages weight loss, helps to remove toxins from the bodybreakfast regularly will reduce your weight and prevent fat accumulation in the body.

INGREDIENTS:
100% pure honey and garlic extracts

SpearMint honey is a rare treat. It has a strong flavour and distinctive aroma, which varies depending upon the variety of mint it was made from; in fact, it has a solid musky aroma, which, when combined with the menthol,, packs a powerful punch.

INGREDIENTS:
100% pure honey and selected mint and menthol herbs

Moringa is a rich source of vitamins, minerals and amino acids. It contains significant vitamins A, C, and E, calcium, potassium, and protein. Moringa Honey prevents cancer, improves athletic performance, stabilises blood sugar level and help improve immunity.

INGREDIENTS:
100% pure honey and infused Moringa

INGREDIENTS:
100% pure honey and 100% organic cocoa powder (non-aalkalised cocoa powder)

NUTRITION FACTS
Serving size (100g)
% daily value *
